

Renewal

From: **Katy Boyd (Renewal Coordinator)**

What an incredible year it has been. A lot of new faces, activities and yes MODELS in every possible state of construction. Everything from a box of parts loosely fitted together without glue, to real clean built ups I'd be proud to put on my bookshelf. Just think, each member having something to offer the other; a new way to apply paint, an inexpensive "how to" using household products or just model appreciation. This is what MassCar Model Club has been doing all these years. For those of you who are able to attend meetings we see this pretty regularly and those of you who cannot make the meetings due to work or other commitments there is the Newsletter as well as the website filled with info on upcoming events, member profiles, links etc. I am taking this time to ask you to continue being part of the club with **YOU** in mind.

Over the past few months we have had: road trips to attend contests, members have put themselves and their collection in the spotlight to show us what they were modeling when they first started, we have even gotten together outside of the club house to talk modeling and enjoy some dinner. As you can see, being part of this group can surely be fulfilling. When was the last time your television showed an interest in what **YOU** were working on?

I have provided an easy-to-fill-out renewal application below. It'll probably take as much time to fill out as it takes to glue a pair of engine halves together. So what are you waiting for? **Renew as soon as you finish gluing that model! You'll be glad you did!**

Detach at dotted line

YES! I want to continue my membership with MassCar.
I am enclosing \$15.00 per year. (Please Print Clearly)
