You Asked, We Listened!

MassCar is acting on our model community's feedback and trying something new. The 2015 show will be on one floor, in one large room. This is in response to input from builders and spectators about distance, time, and stairs to go from the contest room to the vendor room in years past. Please let us know what you think of the new layout on the day of the show!

Agenda

Saturday - March 14, 2015

3:00 - 5:00 p.m. Hospitality Room open

3:00 - 5:00 p.m. Pre-registration open in Hospitality Room

Sunday - March 15, 2015 (Contest Day)

6:00 a.m. Vendor set-up

9:00 a.m. Contest registration and vendor tables open

Noon Registration closes

12:15 p.m. Judging Begins

1:00 p.m. Coloring contest Make-and-Take begins

4:00 p.m. Awards ceremony (time approximate)

Door prizes, seminars, and fun throughout the day.

Additional Questions

Still have questions that this flyer hasn't answered? We will post any new information at www.masscar.com regarding our show to keep you informed of the days' events. Or get in touch with us on Facebook.

Pre-Registration (registration must be mailed by March 5, 2015)

Model pre-registration is also available on Saturday, March 14 from 3:00-5:00 p.m. in the Hospitality Room.

Advantages to pre-registering:

- ✓ No waiting in line on the morning of the show.
- ✓ You can pick up your registration forms early (at 8:45 on Sunday) and display your models ahead of those who did not preregister.
- ✓ It's cheaper! **ADULTS: \$4.00 for first model, \$3.00 for each additional model UNDER 18: FREE!**

To fill out the registration form (found at www.masscar.com or by contacting Steve DeVaux at 978-957-3595):

1. Complete one entry form per model (copy entry form as needed). On the top of the entry form, fill out the name of the model and the class number in the spaces provided.
2. On the bottom portion, fill out your full name, address, phone number, and again, the name of the model and class number.

DO NOT FILL IN ENTRY NUMBER AND DO NOT CUT HALVES APART.

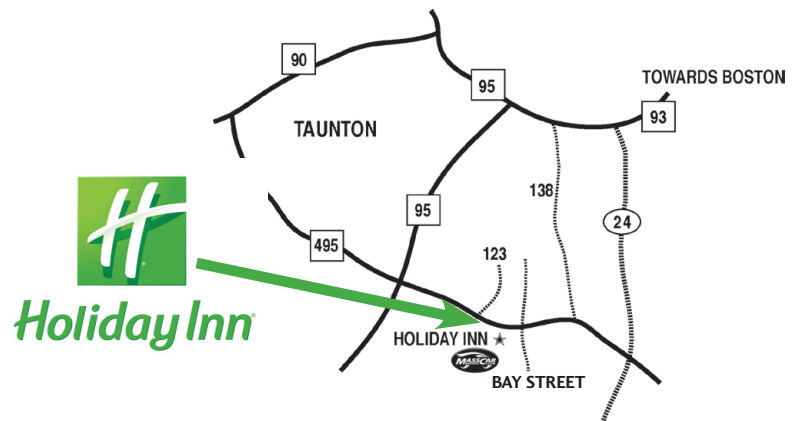

3. Mail completed entry forms (**one per model**) and checks made out to: "MassCar Model Club" before March 5, 2015, to: Steve DeVaux, 187 Donahue Road, Dracut, MA 01826. **For registration questions, contact Steve DeVaux at 978-957-3595, e-mail: steve@masscar.com.**

Make-a-Wish Foundation

MassCar will once again be seeking donations for the Make-a-Wish Foundation. The Make-a-Wish is a wonderful foundation that helps make sick children's dreams come true. Donation jars will be located at each admission table, and at the MassCar Club table.

Directions

The MassCar Model Exhibition will be held at the **Holiday Inn-Taunton 700 Myles Standish Blvd, Taunton, MA. From I-495, take Exit 9, Bay Street.** The hotel is clearly visible from the highway. If you require more directions, try calling the hotel directly at 508-823-0430 or using an Internet map site (such as Google Maps).

Hotel Information

Special room rates are available for show attendees. Rates are \$105 per room per night for single or double occupancy. There are a limited number of rooms available at this rate and they go quickly.

Reservations at this special \$105 rate can ONLY be made by calling the Holiday Inn directly at 508-823-0430 prior to February 13, 2015. You must specify that you are attending the MassCar Exhibition (reservations made at the Holiday Inn's toll-free number will not receive this special rate).

Steve DeVaux – Registration, 187 Donahue Road, Dracut, MA 01826**

General Contest Rules

1. Judging - All models will be judged on craftsmanship. A poorly built model with lots of after-market parts will not beat a cleanly built box stock model. Judges will be allowed to enter the contest. Judges will not be allowed to judge a class that they have entered in, nor will they be allowed to vote on a Master award if one of their models is a contender for that award.
2. Previous Winners - Models that have placed 1st, 2nd, 3rd or 4th in a previous MassCar Exhibition will not be eligible for awards.
3. Collaboration - All entries must be the work of only one person and the builder's name must be the name on the entry form. Group projects and collaborations may be shown on the Display Only tables.
4. Scale - All automotive models larger than 1/20th scale must be entered in the Large Scale Class. All models 1/32nd and smaller must be entered in the Small Scale Class. Any exceptions to this rule will be noted in the Class List.
5. Box Stock Classes - For the Box Stock Classes (classes 1 & 2), finishing materials such as paint or putty, metal foil, or after-market decals are allowed. No other modifications or added details are permitted except as provided below. Putty may be used to fill seams or correct manufacturing flaws, such as sink marks. Removal of details such as door handles, chrome trim, or incorrect underbody detail is allowed. Cutting of parts is allowed if it is included in the kit instructions. Kit instructions must accompany the model. Models without kit instructions will be moved to the appropriate class at the Head Judge's discretion.
6. Details - Models should be correctly detailed for the class in which they are entered. For example, street cars should have treaded tires and complete exhaust systems. Incorrect detail will not disqualify any model, but may result in deductions during judging, or the model being moved to a more appropriate class.
7. (a) Displays - Models may be mounted on a simple base that may simulate a natural setting for the prototype. The presence of figures or equipment not attached to the model will cause the entry to be considered a diorama. No restrictions will be made on the size of the display, but if space becomes limited, we may request that the display be made smaller so all may have enough space to display their models.
7. (b) - Modelers are encouraged to supply informational display material. Descriptions of materials, techniques used, etc. are always welcome. The modeler's name must not appear on the display.
8. Dioramas - In addition to assembly skills criteria, dioramas will be judged on the quality of composition and strength of the theme or story that is presented. Reservations must be made with the Head Judge for any diorama larger than 2' x 4'. Pre-registration may be required for large dioramas.
9. Shelf Model Classes - Models will be judged from a distance of 2 feet as they sit on the table. Judges will not touch or move models, or use flashlights. Open hoods or doors are allowed. Put the best side facing forwards! Models must be 10 inches or less in length, and must be displayed without mirrors or other display bases.
10. Class Eligibility - Build your model the way you want to build it. Every model will be eligible for a class. We will give consideration to your wishes regarding which class it is entered in, however, the Head Judge will have the ultimate responsibility for determining class.
11. Responsibility - Care will be taken to insure safety of all models, however, MassCar Model Club and the Holiday Inn assume no responsibility for loss or damage to models. People who act irresponsibly around the models may be ejected and banned from attendance at future MassCar events.
12. Documentation - The Box Stock and Documented Replica classes require documentation in order to compete in the classes. These classes will be policed before judging begins, and any model not meeting these criteria will be moved to the most appropriate class.
13. Collections Class - A collection will be comprised of 3 or more models. Judging will be done like Shelf Model classes and will also take the strength of the theme into consideration. Any models may be entered, with no more than 50% of the individual models in the collection having placed at a previous MassCar exhibition.
14. Vintage Kits Class - Models entered in this class must have been manufactured prior to 1980. Copyright dates proving the age of the kit may be found on instructions, boxes, decals or possibly on the chassis or the underside of the body. Other documentation may be found in vintage catalogs or model magazines. Proof of a models age is required for entry in this class. Reissues are not eligible for this class.
15. Awards - Modelers must leave models on the tables until all judging is complete. Failure to do so may result in the entry not being considered for an award.
16. Master Awards - The Master Award Theme for 2015 is Best '55 Chevy. Any Chevrolet from 1955 is eligible. A MassCar Club Member Pick will be awarded for Trucks. The MassCar Club Member Pick does not have to be selected from a class winner. The club member will pick whatever model they like in any class they like, using whatever criteria they want. The Harry Stewart Engineering Award will be given to the model that has numerous working features such as convertible tops, opening doors, and lights. Models can be entered in any class and be of any scale for Master Awards.
